Factories and Boilers Inspection Department

NOTIFICATION

Jaipur, June 11, 2019

S.O.34 .- In exercise of the powers conferred by sub-section (3) of section 34 of the Boilers Act, 1923 (Central Act No. 5 of 1923), the State Government is satisfied that having regard to the material, design or construction of boilers and to the need of rapid industrialisation of the State it is necessary so to do, hereby exempts boilers which have been installed or which will be installed in future having the safeguard system for protection against over pressure, low water level, flame failure etc. to prevent the accidents of the boilers as per the provisions of the said Act and rules and regulations made thereunder in the whole of the State from the operation of the provisions of sub-section (3), (4), (5), (6) and (7) of section 8, sub-section (1) of section 10, section 14, section 15, section 16 and section 22 of the said Act, subject to the following conditions, namely:-

- (1) When a certificate for use of boiler is about to be ceases in force, the owner of the boiler may engage through the official RajFAB web application a Boiler Engineer before the expiry date of the certificate as per the rules for use of the boiler for carrying out the inspection of the boiler. After the completion of inspection, annual certificate in form appended to this notification shall be issued within the time limit prescribed through the official RajFAB web application.
- (2) Boiler Engineer shall be a person,-
 - (a) who possesses a degree in Mechanical or Power Plant or Production or Metallurgical Engineering from a recognised institution;
 - (b) having a valid certificate of proficiency under the Boiler Operation Engineers' Rules, 2011;
 - (c) having minimum 5 Years of experience in the field related to boilers;
 - (d) having a valid online account on the official RajFAB web application of the Factories and Boilers Inspection Department and;
 - (e) has not attained the age of 60 years.
- (3) The Boiler Engineer shall submit record of inspection online.
- (4) The Boiler Engineer shall follow the provisions of the Boilers Act, 1923, rules and regulations made thereunder and guidelines of the Chief Inspector and shall

- be liable and responsible for any act or omission committed against the provisions of the said Act and rules and regulations made thereunder.
- (5) The Boiler Engineer shall submit a duly signed note regarding the inspection of the boiler in use, to the Chief Inspector. On receipt of inspection note, it shall be pasted in Memorandum of Inspection Book maintained in the Department.
 - (6) The Annual Certificate from Boiler Engineer shall be submitted by the owner of boiler to the Chief Inspector of Factories and Boilers online. It shall be responsibility of the owner of the boiler to run and maintain it as per the provisions of the Boiler Act, 1923 and rules and regulations made thereunder and the owner shall also be liable and responsible for any violation.
 - (7) The boiler owner can either opt for inspection and certification of boiler in use by Boiler Engineer as per this notification or Competent Person as per the Boilers Act, 1923 or the Indian Boiler Regulation, 1950.
 - (8) Computerized and randomised allocation of Boiler Engineers shall be made through the official RajFAB web application. The same Boiler Engineer will not inspect the same boiler twice consecutively and the Boiler Engineer shall not be an employee of the factory where the boiler is installed.
 - (9) The fees as per the Act or rules and regulations made thereunder shall be deposited in the Treasury Account of the Department to prevent any loss of the revenue.
 - (10) If any accident occurs to the boiler or to any part of the boiler during this period, then the use of the boiler shall be stopped immediately and the Chief Inspector shall be informed.
 - (11) This notification shall be applicable to such boilers and boiler components in use having the safeguard system like protection against over pressure, low water level, flame failure etc. for prevention of accidents of boilers.
